COLLEGE NOTICE

PRO-RECTOR (DEVELOPMENT & CORPORATE AFFAIRS)

Dr Tidu Maini will be taking up an appointment with the Qatar Foundation in the Autumn and will therefore be leaving full time College employment on 30 September. He will, however, be retained on a consultancy basis providing support to the Rector on some aspects of the College's external relations activities and the Development Advisory Board.

With effect from 1 October, Dr Maini's Business Support and Development and Alumni Relations management responsibilities will transfer to the Rector. Paul Docx, CEO of ICON will, with immediate effect, report to the Chief Operating Officer, Dr Martin Knight.

Dr Maini joined the College at the end of 2001 and has made a substantial and significant contribution to raising the College's international profile and to the generation of new funding and business development opportunities.

K.A. MITCHESON
College Secretary
