COLLEGE NOTICE

HEADS OF DEPARTMENT, FACULTY OF ENGINEERING

DEPARTMENT OF BIOENGINEERING

Professor Anthony Bull, FREng, has accepted an extension to his appointment as Head of the Department of Bioengineering, in the Faculty of Engineering, until 31 July 2022.

Professor Bull is Professor of Musculoskeletal Mechanics and has been Head of the Department since 1 August 2012. His research is focused on the basic mechanics of joints, including the tissues of joints and the mechanics of joints within the whole musculoskeletal system, and the application of this knowledge and technologies developed to the diagnosis and treatment of trauma and other pathologies.

He was elected a Fellow of the Royal Academy of Engineering in 2013.

DEPARTMENT OF MECHANICAL ENGINEERING

Professor Peter Cawley, FREng FRS, has accepted an extension to his appointment as Head of the Department of Mechanical Engineering, in the Faculty of Engineering, until 30 September 2019.

Professor Cawley is Professor of Mechanical Engineering and has been Head of the Department since 1 October 2012. His main research interests are in non-destructive evaluation, with the aim of solving problems in industrial inspection and monitoring, particularly through the application of sonic and ultrasonic techniques.

He was elected Fellow of the Royal Academy of Engineering in 2006 and a Fellow of the Royal Society in 2010.
