

## Why ChargedEV?

Tusker have partnered with Charged EV to offer you an EV chargepoint at your home with a **£100 discount off of RRP**.

Starting as a small family business, ChargedEV has grown to become the leading independent EV installer in the UK, having installed over 23,000 domestic and workplace EV chargepoints to date.

This offer only applies customers who have been referred to Charged EV by Tusker as part of an eligible scheme.

## Onboarding App

When you start your journey with ChargedEV, you will have access to our bespoke Onboarding App.

Our on boarding app allows you to complete a full application without emails or site visits - keeping it simple.

With helpful tutorials, you'll be able to upload your images and documents in no time.

Plus - any information added uploads in seconds, directly to Charged EV - keeping your data safe and secure.
